Belkin 4-Port Router (Ojo Compatible)

(includes 4-port cable/DSL gateway router, power supply, quick installation guide, RJ45 networking cable, manual & software CD)

The Belkin 4-Port Cable/DSL Gateway Router (the Router) lets you easily share your cable or DSL modem's connection to the Internet with all your connected computers. This router has been tested in the Ojo laboratory and has been certified or use with your Ojo personal video phone. The Router provides top-level security to your network with a NAT firewall that locks out would-be hackers, and you'll also be able to restrict access on any or all of the computers on the network.

Model No. F5D52321-4 Part No. 14
